INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1945 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by **HILL'S** Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 604, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 96, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 701 to 784, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, follows the Classified and is separately paged from 1 to 128. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

The Raleigh Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

North Carolina State Capitol

GENERAL VIEW

Raleigh is conveniently located on the main highways between the North and South, in the east-central portion of the state, in rolling country, on the fringe of that section of the Carolinas often referred to as the Piedmont.

Raleigh offers many attractions to the person interested in sports. There are four golf courses, a country club, swimming pools, riding trails. The streams and ponds surrounding Raleigh offer a variety of fishing material. The city is conveniently located to the famous fishing and hunting centers of the coastal section.

Raleigh has fourteen hotels serving upwards of 50,000 guests yearly. The rates are reasonable.

Whether one is looking for a central point for distribution, for headquarters or branch-office location, or for some quiet and peaceful place to spend his declining years, Raleigh will have something about it that will please. The town is one of the beauty spots of the state. In Raleigh's business section one will find Colonial architecture surrounded by modern office buildings. Throughout the city are quaint remnants of the old South, interspersed with the modern design of the new South. The people are friendly, courteous and hospitable. Regardless of what one expects of a home town, he will find that everything in Raleigh will fascinate him.

HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capital city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capital. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over 100 years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.

The 17th President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Carolina Dames. This colonial home was erected in the old town of Bloomsbury, which was the county seat of Wake County, in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1795 as the State Bank.

Many visitors in Raleigh are likewise interested in monuments and memorials of famous North Carolinians on Capitol Square and in State department buildings.

Three points of special beauty in Raleigh are Dix Hill, Country Club, and the Federal Cemetery.

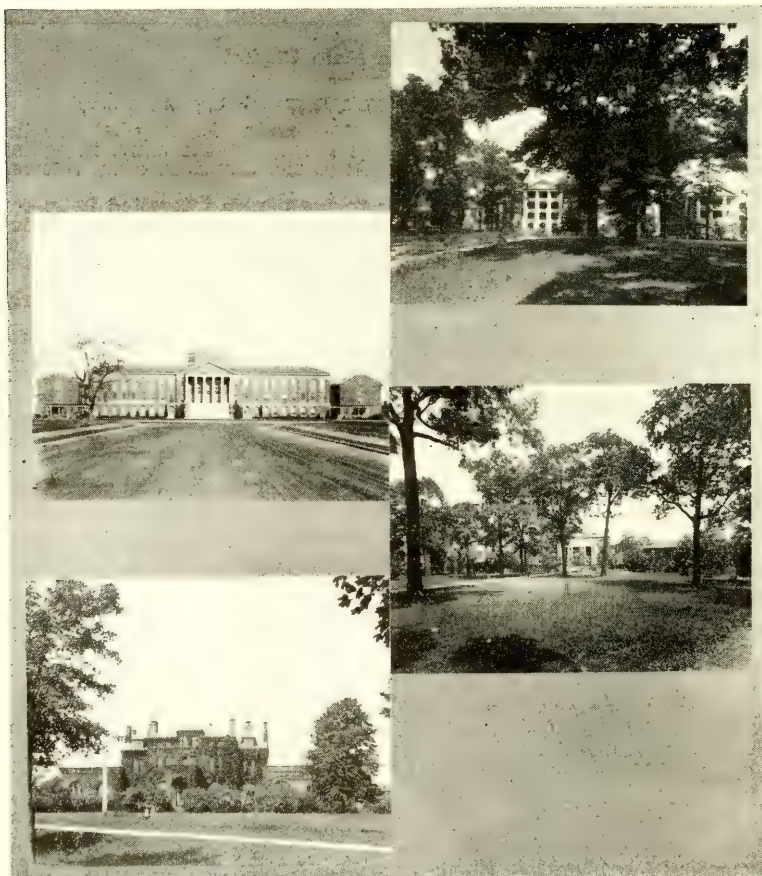

A CENTER OF EDUCATION

Raleigh, with six colleges and an excellent public school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are 45 major buildings in the plant. It had an enrollment—constantly growing—of approximately 2,500 in 1943. It embraces three schools—Agriculture and Forestry, Engineering and Textile. Also Division of Teacher Education and Basic Division of the College.

Meredith College, a Baptist college for women, was opened in 1897. For many years it was located near the Capitol and now occupies a modern plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music. The enrollment in 1941-1942 was 497.

St. Mary's School and Junior College, operated by the Episcopal Church of the Carolinas, was founded in 1842. The highest standards are maintained, with all academic courses fully accredited by the Southern Association. The annual sessions offer the students 35 weeks of classroom work. An average of twenty states are represented in annual enrollment, which, in 1941-1942, was 290 resident, day and special students.

Campus and Building Scenes at Four Raleigh Colleges

Peace, a junior college for women, owned by the Presbyterians of North Carolina, was opened in 1872. It offers standard and general junior college courses, college preparatory course, and special courses in art, music, home economics and commercial subjects. A number of modern buildings have been added recently, and the enrollment has grown rapidly. In 1941-42 it was 275.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the U. S. with this rating. It specializes in vocational training.

The well-equipped and modern public school system of Raleigh has 17 buildings, including two high schools. There are also three parochial schools.

King's Business College, Hardbarger's Secretarial School, Hoyle's Secretarial School, and Raleigh School of Commerce are well-organized colleges here for business training.

St. Augustine's College (Episcopal) for colored men and women was opened in 1868. It includes the Bishop Tuttle School and the St. Agnes Training School for Nurses. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb was established in 1868. A new plant erected at a cost of \$250,000, is located on Highway No. 70, three miles southeast of the city.

Shaw University, founded in 1855, is the oldest institution in the South for the education of colored men and women. The university has 11 buildings. Degrees of A. B. and B. S. are conferred.

FACTS About PROTECTIVE LIFE

Protective Life has \$112.70 of assets for each \$100 of liability. Assets in a high state of liquidity and a large ratio of assets to liabilities are significant factors in the Company's investment portfolio. For the last five years assets have increased at the rate of over a million dollars a year. The daily increase in 1942 was \$4,816.88. On January 1, 1943 the market value of securities owned by the Company exceeded the value at which they were shown on the books by more than \$230,000.

Protective Life's insurance in force now amounts to over \$170,500,000

Comprehensive Investment Facilities!

THE service we provide as Investment Bankers is of far-reaching scope. It offers individual and institutional investors all essential facilities required for the purchase and sale of—

UNITED STATES GOVERNMENT BONDS

STATE AND MUNICIPAL BONDS

CORPORATE STOCKS AND BONDS

LOCAL SECURITIES

(including Textile and Bank Stocks)

Flexibility is the dominant characteristic of our service—adaptable to widely-varying needs. All recommendations made by us are, moreover, based upon exhaustive study and analysis. To qualify for our "Approved List", securities must meet specific and exacting requirements. In Corporate Securities, for instance, companies must possess definite potentialities as to operations, earnings and growth.

Selections made for our clients frequently necessitate the purchase for our own account of large amounts—or entire issues—of securities. This enables us to make prompt bids, and submit specific offerings at definite prices.

For your free use, and to keep you informed on present holdings or contemplated purchases or investment changes, we maintain a Research-Statistical Department.

Quotations on securities in which you may be interested will be gladly submitted upon request.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

we're dropping \$5,620,067 in the sack!

● Of the money you paid us in 1943, \$5,620,067 was passed along by us to the tax collector.

We're not fussing—it was our share of the necessary cost of government PLUS THE WAR. But to give you a better idea of what such a tax means, it was

EQUAL TO \$4,176 PER AVERAGE EMPLOYEE

EQUAL TO \$38 PER AVERAGE CUSTOMER SERVED

EQUAL TO \$14,395 FOR EVERY DAY OF THE YEAR

Even at a time when we think in terms of billions—
\$5,620,067 is still a lot of money

THE HOME-OWNER SYMBOL, in the Householders Guide of the New City Directory, designates Home-owners on every Street and Avenue in the city. As a means of Checking Credits, conducting Direct Mail Campaigns, Sales Planning, Prospect Lists, etc., it is of invaluable assistance.

THE BELL SYMBOL designates Telephone Subscribers and appears in the Householders' Guide following street numbers.

NEW FEATURES and DEPARTMENTS are constantly being adopted in our efforts to improve and add to the recognized value of the City Directory service demanded by the public.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your
company from forgers and bad-check artists. A few ques-
tions, checked against City Directory information, will
trip them at once. Intelligent use of the City Directory for
this purpose has saved thousands of dollars and helped
make some cities "too sharp" for bad-check "operators."

WHY A BUYERS' GUIDE?

★ It is customary to include a Buyers'
Guide in the City Directory because :::

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

HILL'S RALEIGH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1945-46

Copyright, 1945, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.
